

Contribute Today, for a Tomorrow, better than Ever.

At Almaria we are not just passionate about design, art and the excellency of hospitality, we are above all passionate about people, a sense of being at their service.

If Almaria reflects the place where the Soul resides, it is also a reflection of the cultural diversity of those who choose to visit us. What makes Almaria so unique and inspiring? Your Stories, each Guest, each interaction, each episode. Defines us a genuine sense of sharing, of mutual help, of respect for LIFE, for the uniqueness of the other, with attention and care to the real protection of each and individual Rights.

Similar to the campaign generated in favor of Afghanistan, today we feel the urgency of supporting Ukraine in an attempt to contribute in the restoration of peace for so many innocent people.

How do we propose to contribute? Reverting 1% of all reserves to UNHCR (United Nations Refugee Agency)

“The UN is committed in prioritizing the protection of civilians and will intensify its humanitarian operations in Ukraine and neighbouring countries. The United Nations needs secure and unimpeded access to all areas affected by Russia's military offensive. There is an urgent need to establish a safe passage for life-saving medical products and healthcare professionals.”
